

Most of our repairs are under \$20. About Twenty five percent are fixed over the phone or at our counter in less than 15 minutes. If your computer needs to be checked in for repair we will give you a free estimate on the spot. When checked in your computer May undergo up to 30 hours of scans and tests to verify its in working order. Most "In Home" or "On Site" repair services can not spend this much time isolating problems correctly. You are only charged for the technician time spent on your computer. Since we are able to work on many computers at a time this helps lower your repair cost. If checked in repair labor ranges from \$19 to about \$199 Depending on the severity of the problem. When your computer is returned the warranty on our repair is 1 year (or one free redo for virus removal) the longest warranty in the industry. We will also offer to warranty your computer hardware for as little as \$19.95 a year. It is our goal to provide 100% satisfaction If for any reason we do not live up to this goal your repair labor is FREE.
